Physical Education

All students must wear runners that offer good support and traction. Spiral or flat laces are recommended as round shoelaces come undone easily which affects safety and participation. Please assist your child in becoming proficient at tying laces securely. **We do not allow the use of sandals, flip flops, skater shoes or any shoes that mark the gym floor.** This pair of runners will remain at school and will be exclusively for indoor use. The same pair of runners can be used for both the classroom and physical education classes.

Lunch

The school requires a sturdy lunch box for all students that have lunch at school. The child's lunch box should be clearly marked with his/her name. **Thank you!**

There will be special events and class outings. These occasions may require your financial assistance.
