# Agenda

## Presentation

Superintendent Michalik presented a plan to address enrolment pressures in Sage Creek and possible solutions (temporary, while we wait for a second school) involving Shamrock School and Island Lakes Community School

## Breakout Rooms

Groups assigned a facilitator to moderate the conversation. They discussed what was said and formulated questions

## Q&A + Next Steps

Superintendent Michalik answered questions and proposed next steps in the plan to address demographic pressures

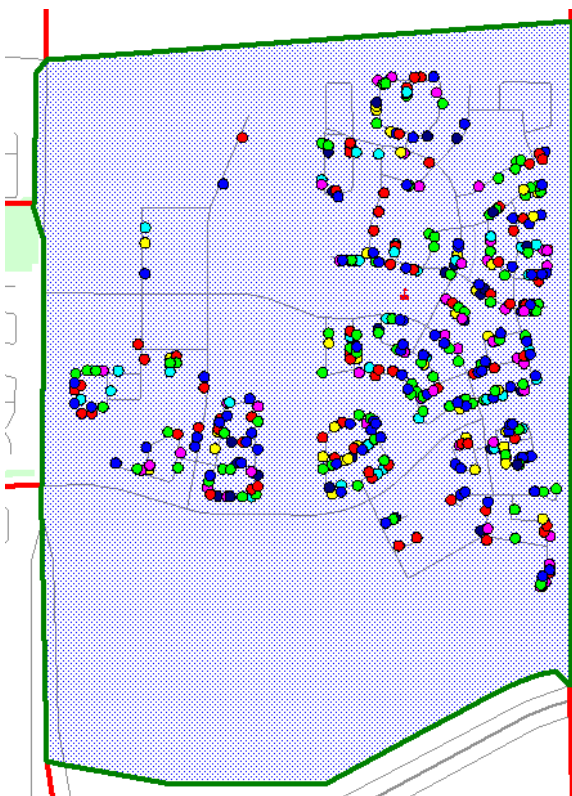

# FIRST PROBLEM

Immediate space crunch at  
École Sage Creek School

# ÉCOLE SAGE CREEK SCHOOL Capacity & Catchment Boundary

- Kindergarten to Grade 8 English and French Immersion Programs

School Capacity K-8	<b>600</b>
2020 K-8 Population	<b>934</b>

# Temporary Accommodations

## Temporary accommodations since Sept. 2018:

- Dual Track School
- Kindergarten to Grade 6
- Middle and High School (7 – 12):
  - Collège Béliveau
  - Windsor Park Collegiate

Sep. 2018

## Temporary accommodation since Sept. 2020 as a response to the pandemic:

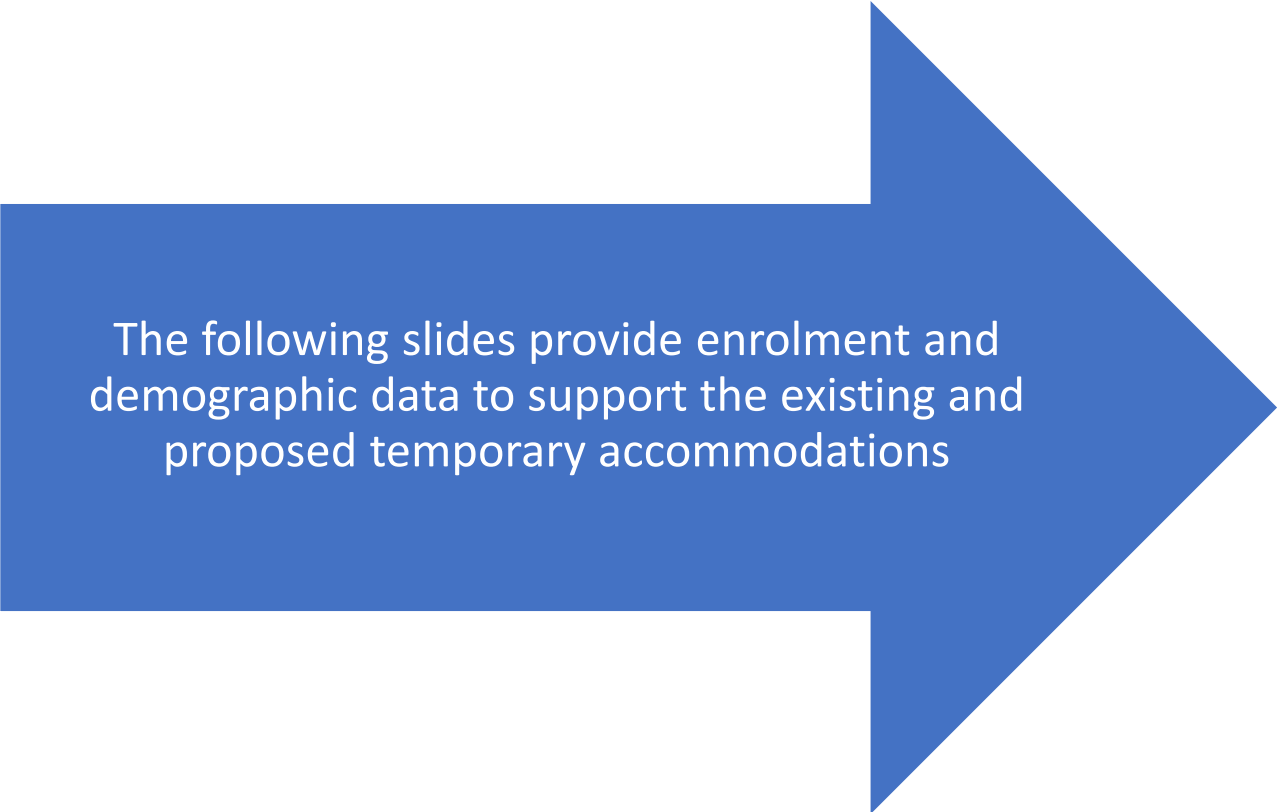

- Kindergarten to Grade 4 in English
- Grades 5 & 6 English at Shamrock School
- Kindergarten to Grade 6 in French Immersion

Sep. 2020

## Proposed accommodation starting Sept. 2021 until a second school in Sage Creek opens its doors:

- Kindergarten to Grade 4 in English
- Grades 5 & 6 English at Shamrock School
- Kindergarten to Grade 6 in French Immersion

Sep. 2021

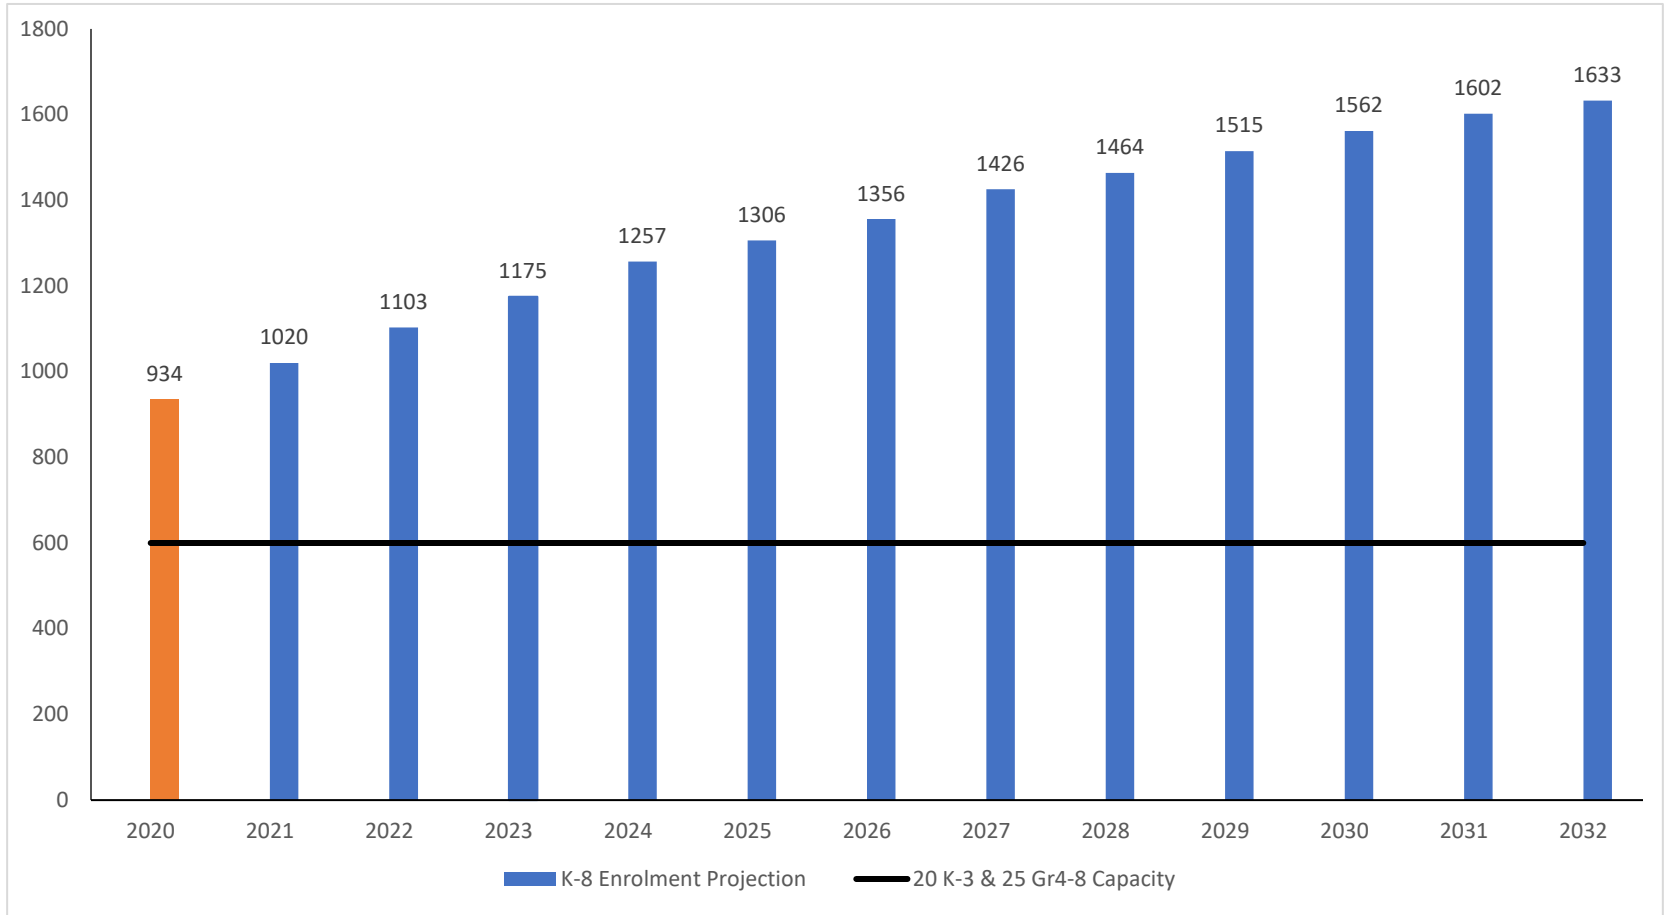

The following slides provide enrolment and demographic data to support the existing and proposed temporary accommodations

# A Second School in Sage Creek

- LRSD has received initial government authorization to borrow \$ 5,224,272 for the purchase of property in the Sage Creek neighbourhood for the site of a future school.
- The property is described as an approximately six-acre site, located at the intersection of Warde Avenue and the future Robert Bockstael Drive.
- Legal description of the property shall be confirmed at the time of registration of title, pending the completion of the subdivision process as managed by the vendor.
- Reported by [CBC Manitoba](#): Money announced in Manitoba's 2021 budget could speed up the provincial government's promise to build 20 new schools by as much as five years, Education Minister Cliff Cullen says.

***This offers a glimmer of hope that LRSD will be allowed to build second school in Sage Creek sooner, rather than later.***

# A Temporary Solution While We Wait for Second School in Sage Creek

École Sage Creek School to temporarily operate as an English program K-4 School and French Immersion program K-6 School until a second school opens its doors in the Sage Creek community (late 2023 or early 2024 at the earliest).

We need to make room for English program students in Grades 5 and 6 from Sage Creek to temporarily attend Shamrock School by incrementally moving the students from North Island Lakes and Bonavista (that attend Shamrock School) by grade cohort and accommodating siblings (starting in September 2021).

If two-metre physical distancing is required in the fall of 2021, École Van Belleghem's Grades 7 and 8 students will be temporarily relocated to the Monterey Board Office, situated at 50 Monterey Road.

# The Plan

Students from **North Island Lakes** and **Bonavista** will gradually transition to Island Lakes Community School. Various scenarios are under consideration.

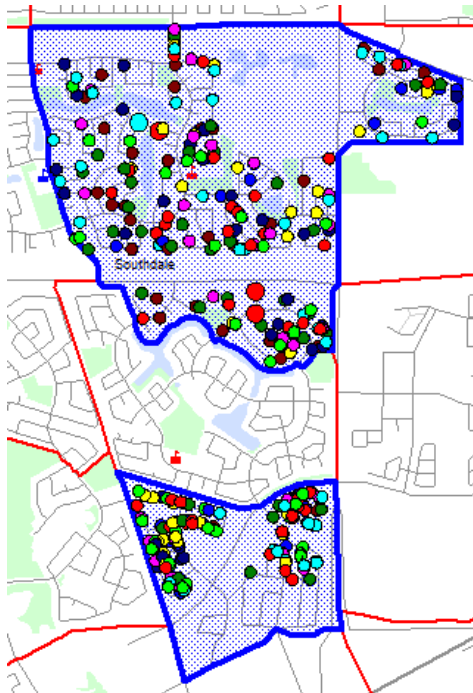

English program students in Grades 5 and 6 from École Sage Creek School (ÉSCS) will temporarily attend Shamrock School.

ÉSCS will temporarily operate as an English program K-4 School and French Immersion program K-6 School until a second school opens its doors in the Sage Creek community.

# SECOND PROBLEM

Space crunch at  
Windsor Park Collegiate  
beginning after 2022-2023

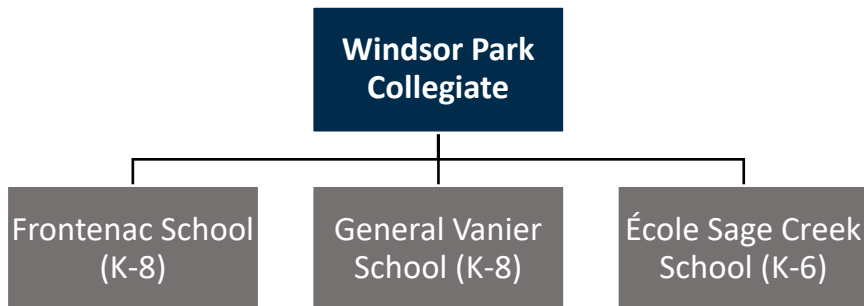

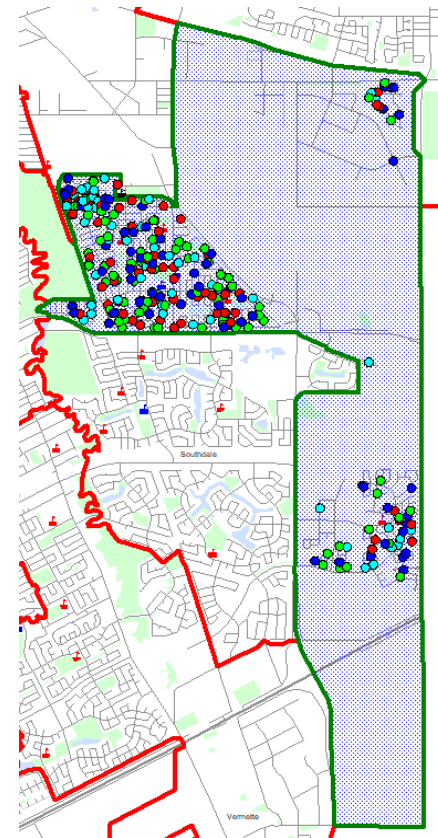

# WINDSOR PARK COLLEGIATE

## Capacity, Feeder Schools & Catchment Boundary

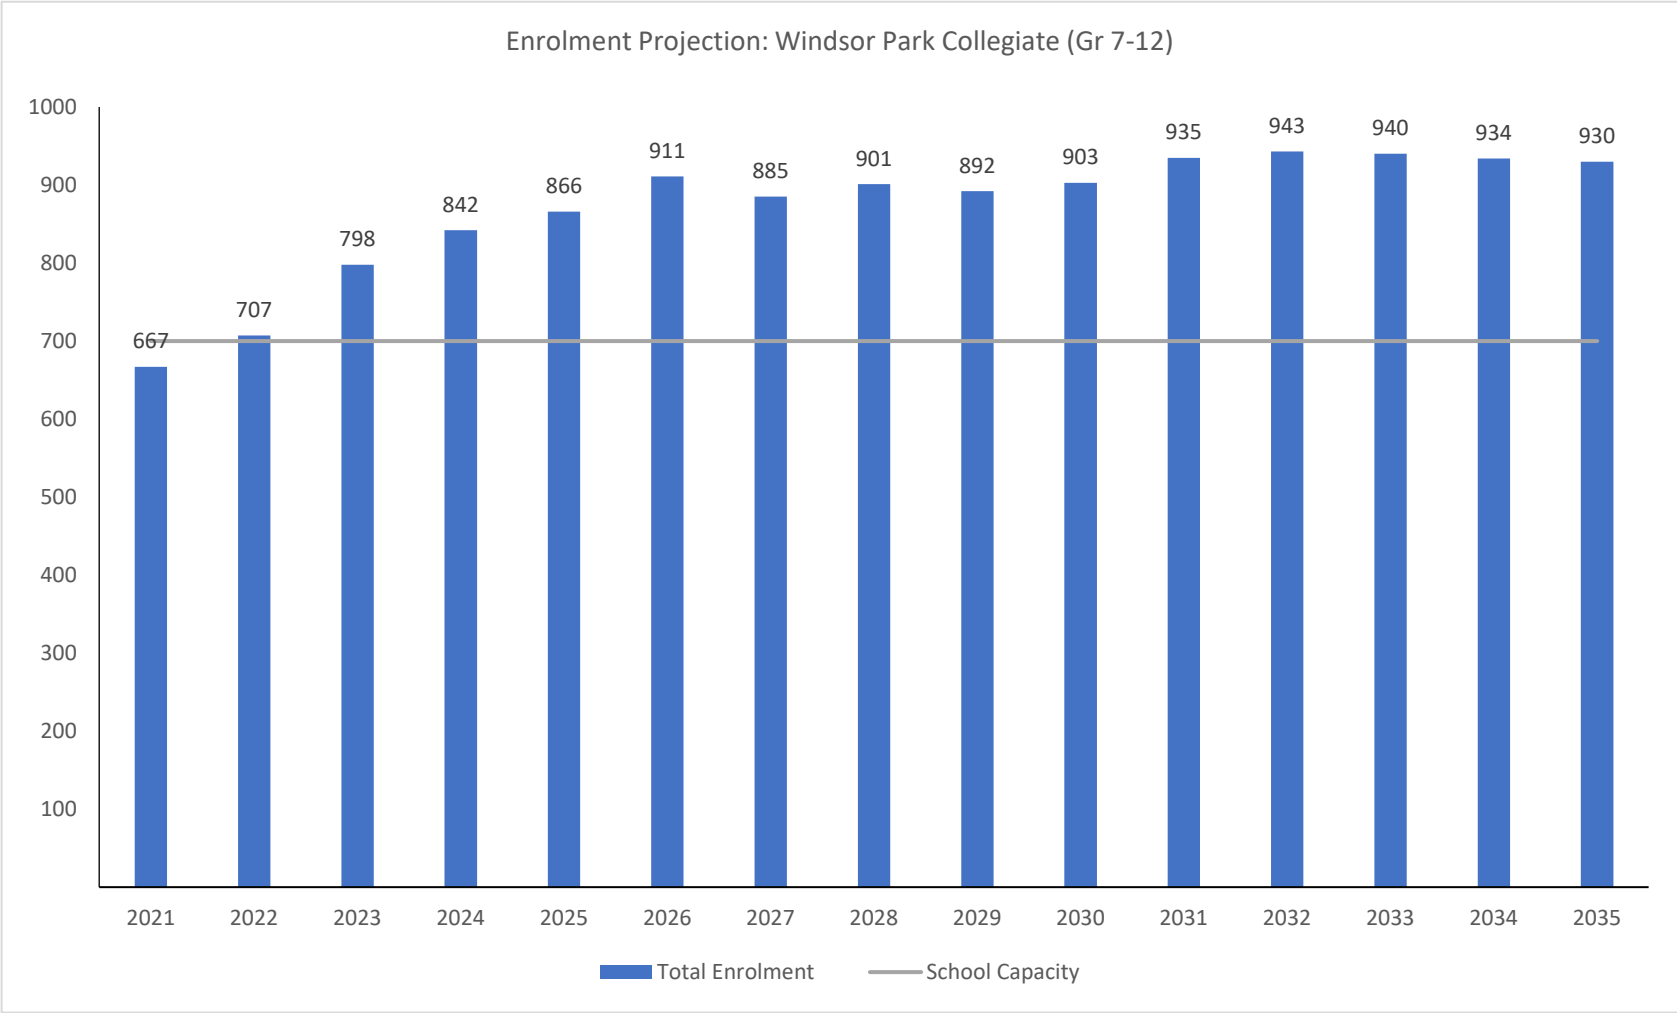

- Middle School (7 & 8)
  - École Sage Creek School
- High School (9 to 12)
- School Capacity: 700

Note: Depending upon the home address, students from Archwood catchment area attend Windsor Park Collegiate or Nelson McIntyre Collegiate.

# WINDSOR PARK COLLEGIATE Enrolment Projection

# A SPACE CRUNCH LOOMS AT WPC

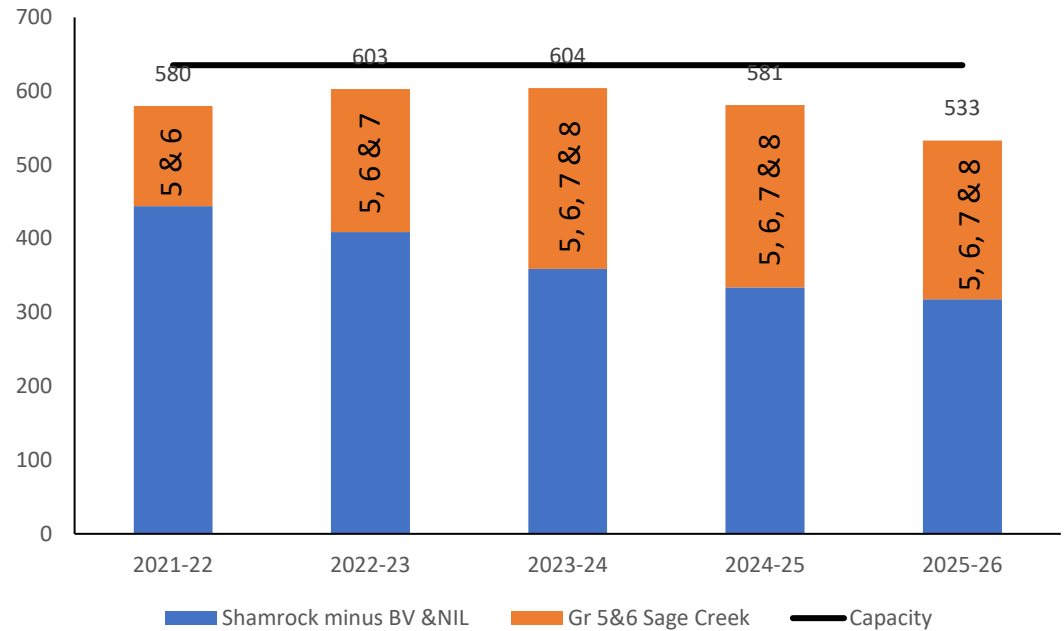

- Windsor Park Collegiate will quickly exceed capacity. It will not be able continue to serve Sage Creek Grade 7 to 12 students beyond the 2022-2023 school year.
- A potential solution would see Sage Creek students remain at Shamrock School for Grades 7 & 8 until the second school in Sage Creek opens.
- **No decision regarding this solution will be taken at this time.**

## POTENTIAL SOLUTION: NO DECISION WILL BE MADE AT THIS TIME

Enrolment Projection: Shamrock minus Kindergarten & Siblings from Bonavista and North Island Lakes plus Gr 5 & 6 Sage Creek Continuing on to Gr 8

# THIRD PROBLEM

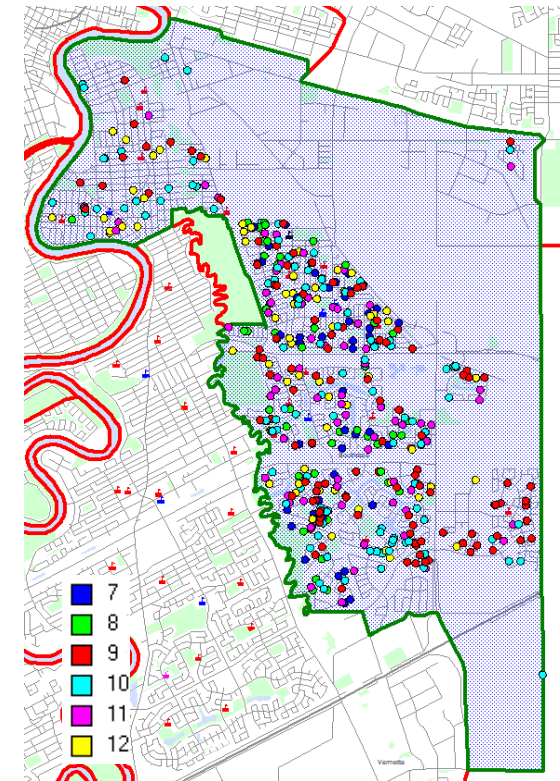

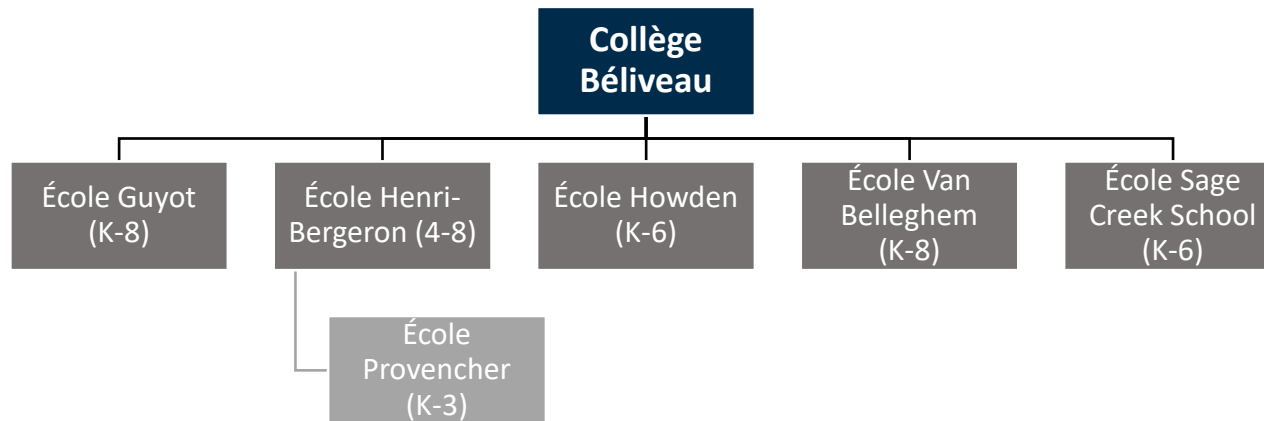

Space crunch at  
Collège Béliveau

# COLLÈGE BÉLIVEAU

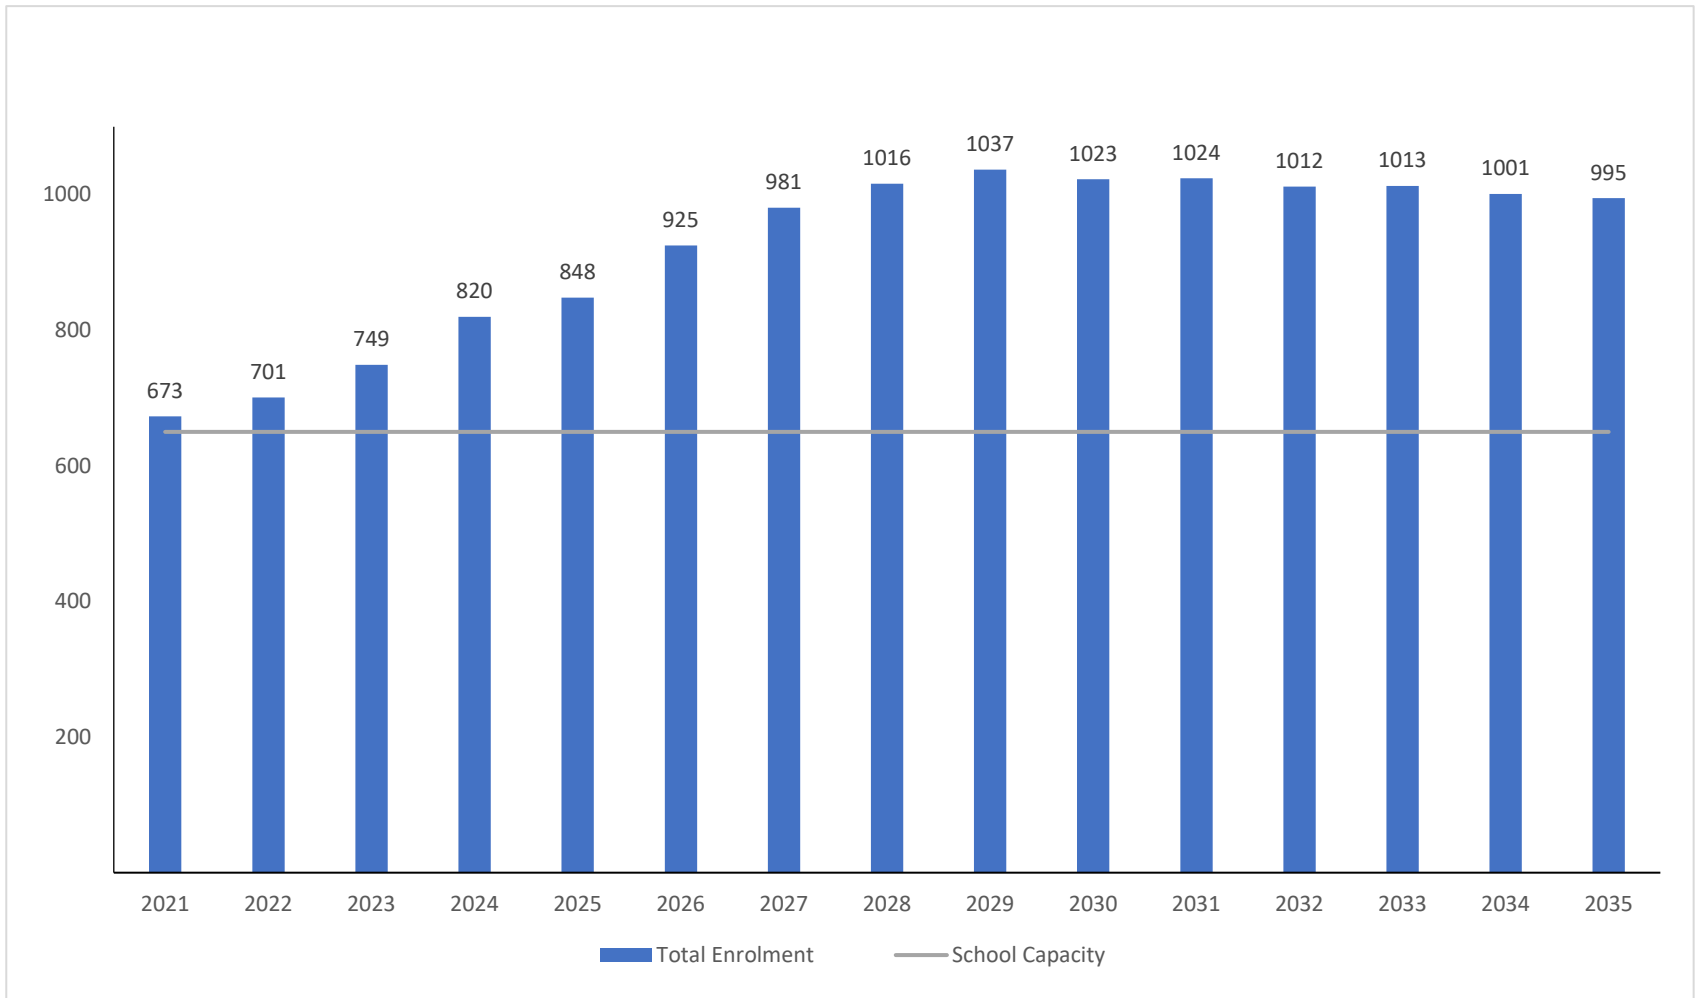

## Capacity, Feeder Schools & Catchment Boundary

- **Middle School (7 & 8)**
  - École Sage Creek School
  - École Howden
- **High School (9 to 12)**
- **School Capacity: 650**

## Enrolment Projection (Grade 7 to 12)

# COLLÈGE BÉLIVEAU

## Enrolment Projection (9-12) by 2024

# A SPACE CRUNCH LOOMS AT COLLÈGE BÉLIVEAU

- A potential solution will be to move the Windsor Park Collegiate staff and students to the Collège Béliveau building and vice versa.
- Another potential solution will have students living in Royalwood attend College Jeanne Sauve.
- **No decision regarding these possible solutions will be made at this time.**

# TAKEAWAYS

- What is the temporary solution to mitigate overcrowding at École Sage Creek School (ÉSCS)?
  - ÉSCS will temporarily operate as an English program K-4 School and French Immersion program K-6 School until a second school opens its doors in the Sage Creek community.
  - English program students in Grades 5 and 6 from Sage Creek will temporarily attend Shamrock School.
- Why now?
  - In 2021/2022, we are projecting over 1,000 students in Grades K-8 from the Sage Creek community attending school in LRSD. The student population is projected to continue to increase annually.
- Why Shamrock and Island Lakes Community School?
  - The schools in closest proximity to ÉSCS, with a changing demographic pattern that allows them to be a part of a temporary solution to accommodate overcrowding at ÉSCS, are Shamrock School and Island Lakes Community School.
- How many years will this temporary scenario be required?
  - It will take at least three years before a second LRSD school opens its doors in Sage Creek. It will likely take longer than three years.
- How will the lack of transportation be addressed?
  - LRSD will continue to provide transportation for students in grades 5-8 attending school outside Sage Creek.
  - LRSD will provide transportation for students living in North Island Lakes and Bonavista in grades 7 and 8 at Shamrock School.
