

Proposed Changes for  
J.H. Bruns Collegiate  
in the 2024-2025  
School Year

May 13, 2022

DIVISION SCOLAIRE  
**LOUIS RIEL**  
SCHOOL DIVISION

# The Situation

- As Winnipeg continues to grow, LRSD welcomes more students into our schools each year.
- When École Sage Creek School (ÉSCS) opened in 2017, the division let the government know that we needed a second school to ensure all of the students who live in Sage Creek can go to elementary school in their community.
- Since we do not have a new school yet, the division had to come up with a number of solutions including:
  - Offering both French Immersion and English programs at ÉSCS (something that we don't normally do in LRSD).
  - Having Grades 7 & 8 ÉSCS students attend Collège Béliveau and Windsor Park Collegiate (beginning in Sept. 2019).
  - Having Grades 5 & 6 ÉSCS English program students attend Shamrock School (beginning in Sept. 2020).

## Proposed Temporary Solution for the English Program in Sage Creek: Grades 5-8

- In 2022-2023, Shamrock School will serve Grade 5, 6, & 7 English program students residing in Sage Creek.
- In 2023-2024, Shamrock School will also serve Grade 8 students residing in Sage Creek.
- Students from Sage Creek are already attending Shamrock School for Grade 5 and 6 as a temporary solution. This was made possible because of a catchment change last year.

# Long-Term Solution for Students Living in Sage Creek: Grades K-8

- Once a new school opens in Sage Creek, all of the English program students living in Sage Creek in kindergarten to Grade 8 will attend the current school in the community (rather than some of them attending Shamrock School).
- This is anticipated to happen in the 2025-2026 school year.

# Long-Term Proposed Solution: High School

- Building on the temporary solution of the English program Grade 5 to 8 students living in Sage Creek attending Shamrock School, LRSD is also proposing that they attend J.H. Bruns Collegiate for high school.
- Once a new school is opened in Sage Creek, the English program students living in Sage Creek would then continue going to J.H. Bruns Collegiate for high school because it's the closest school to the community.
- The current Windsor Park Collegiate students from Sage Creek will continue alongside their WPC peers through to Grade 12.
- The kindergarten to Grade 8 French Immersion students will attend the new school and then move on to Collège Béliveau for Grades 9 to 12.

# Enrolment Projection: J.H. Bruns Collegiate

*with English program students living in Sage Creek beginning in 2024-2025*

# An Addition and Renovations to J.H. Bruns Collegiate

- To accommodate the additional students, the division will request an addition and renovations to J.H. Bruns Collegiate.
- We are confident we can make the case to government for an addition based on:
  - The size of the existing population
  - The projected enrolment
  - The fact that the school has not seen an addition since 1976
  - Future neighbourhoods to the South and East
  - A similar construction project starting May 2022 for similar reasons at Collège Jeanne-Sauvé

School	Total Square Footage
Glenlawn Collegiate	140,850
Dakota Collegiate	127,040
Windsor Park Collegiate	105,000
<b>J.H. Bruns Collegiate</b>	<b>89,638</b>
Collège Béliveau	86,387
Nelson McIntyre Collegiate	81,736
Collège Jeanne-Sauvé	61,137

# What to Anticipate

- The division would work with students, staff and families to ensure students have access to the same opportunities they have currently and discuss new opportunities.
- The learning and well-becoming of students is the main focus.
- This will also be an opportunity to nurture relationships with the Windsor Park Collegiate and Collège Béliveau communities.

# Proposed Solution: WPC and Collège Béliveau

<b>School</b>	<b>Total Square Footage</b>
Glenlawn Collegiate	140,850
Dakota Collegiate	127,040
<b>Windsor Park Collegiate</b>	<b>105,000</b>
J.H. Bruns Collegiate	89,638
<b>Collège Béliveau</b>	<b>86,387</b>
Nelson McIntyre Collegiate	81,736
Collège Jeanne-Sauvé	61,137

# 2024-2025 School Year

# Next Steps

- The Board of Trustees will vote on these proposed solutions in the coming weeks
- We will continue to share information and updates with students and staff.

# Share your Thoughts

- Scan the QR Code to fill out a Forms survey. Use your LRSD account to access the survey.
- We look forward to more conversations with students, staff and families about these proposed changes.
