

How Can You Get Involved?

1. Invest Time

From volunteering for events to getting involved with the Riel-evate steering committee, we know time is valuable and is the resource making it possible to do more.

2. Invest Ideas

We welcome your ideas on how to support our community. We know that it is the people who work, live and play in the Division who will know what it needs most. Anything that could benefit our students and community is worth discussing.

3. Invest Donations

Riel-evate will be raising funds to help provide the supports our community needs most. Financial contributions help us continue moving towards community success.

What is RIEL^{EVATE}?

Riel-evate is a School Community Foundation supporting families, students and community members within the Louis Riel School Division. We actively engage our community to provide supports to everyone within our boundaries.

Riel-evate was created because we know that life outside the classroom directly impacts students' ability to learn and succeed inside the classroom.

We asked ourselves how we could give those within our community every possible opportunity to find their unique paths to personal success. We need your support to see that all of our community succeeds.

What Does RIEL^{EVATE} Support

The Riel-evate steering committee is made up of community members, Division staff, stakeholders and business owners to look at what we can do together to give our community a solid foundation from basic needs at home, to supports in furthering education for all community members to activities outside the classroom.

We look at challenges such as:

- Supporting our newcomer families
- Enhancing cultural integration
- Improving nutrition
- Expanding life skills programming
- Adding more scholarship opportunities
- Increasing Special Needs and mental health supports

These are challenges that go beyond schools. They are community matters that have a lasting impact on our entire community.

We believe community challenges need community solutions. We know there are community members who feel the same way and want to help change things.

RIEL^{EVATE} exists to help us
create positive change together.
