- Short (1-4 months) and Long Term Programs
- No entrance test or minimal level of English required. Additional English support available
- Individualized Programming
- Validation of transcripts
- Accredited Summer Enrichment Program
- Supportive LRSD Homestay Program
- Culturally Diverse & Welcoming Community
- Affordable Tuition, which includes airport transfer
- Flexible Entry dates
- Native language support and translation when necessary
- Assistance with course selection, school registration, transfer of credits and exams
- Help with transfer credit arrangements, as well as with arranging challenge exams which are used to earn high school credit for students with eligible study experience.
- Excellent Health Insurance coverage (guard.me), service available 24/7/365 in almost 200 languages

WHY LRSD?

- Supportive teachers and counselors who ensure a positive social and academic experience
- EAL support at every school
- Student academic achievement reports and homestay updates are communicated to parents and agents regularly throughout the school year
- Modern technology (WIFI Facility, modern computer and science labs, libraries complete with internet resource tools, indoor and outdoor facilities)
- Outstanding and comprehensive music and athletic program
- Exposure to Canadian culture through the Homestay Program and school events
- Academic preparation for success in Canadian and American universities
- Personal counseling regarding future study options
- Five hours of EAL instruction or group support each week
- Individual support and guidance to ensure that they adjust to their new surroundings and continue to be successful in school.
- Supervised school activities such as field trips, recreational sports and festivals
- International Student Program holds an orientation session for all new students during which they are introduced to Winnipeg and their program. The issues of culture shock and adjustment to an unfamiliar environment are given special emphasis along with information about personal safety, health care and banking
